

TRAINING ON DEMAND ANNUAL PASS

Single User

Summary

Are you ready to update your NetSuite skills but have struggled to fit learning into your schedule? With SuiteTraining Training On Demand, you can easily and cost-effectively engage in continuous learning that fits around your daily responsibilities.

With the Training On Demand Single User Annual Pass, you have access to the most comprehensive NetSuite learning offering available. The Training On Demand center contains unlimited online access to the equivalent of all of NetSuite's publicly offered courses for one annual fee. As a cloud solution it provides access to learning content anytime, anywhere.

Solution

- An easy way to learn NetSuite that fits into your schedule 24x7.

Courses may include:

- Recorded presentations
 - Student workbooks
 - 12 months access for \$10,000 USD per user¹
 - Instructor email support within 1 business day
 - One demo account per course with 90 days access²
- On-demand access to expert-led learning.
 - Apply and practice new skills with hands-on exercises.¹
 - One cost-effective annual training fee.
- ## Content
- Content is current with each NetSuite release.
 - Training On Demand versions of [NetSuite's publicly offered courses](#).

¹SuiteTraining Training On Demand access is purchased as an individual license. The confirmed user is the only person who may use the course and/or materials. Sharing the training with others in any way is expressly prohibited. Pricing will vary depending on country and taxation requirements. Training On Demand does not include NetSuite Partner Consultant Masterclass or Certification vouchers.

²NetSuite Demo Accounts are included when they form part of the standard course curriculum. Prepare for the Training On Demand experience by first viewing the [system requirements](#).
