

NetSuite Certification Exam Versions

As a cloud company, NetSuite Certification exams are constantly updated to match the current version of the NetSuite product. However, we roll out our new release in phases, and some customers may be on the leading (new) release, while other customers are on the lagging (old) release, for a period of time. The table below will clarify when the exams and study guides have been updated.

Exam	Version
SuiteFoundation	2021.2
ERP Consultant	2021.2
Administrator	2021.2
SuiteCloud Developer	2021.2
SuiteCommerce Developer	2021.2
SuiteAnalytics User	2021.2
Financial User	2021.2
